

Students

Like most Pre-school's we often have students working here with the children. This gives an opportunity for them to gain first hand experience and is good for the children who benefit from the extra attention. Students are always supervised.

Occasionally, individual students aged 17 and over who are on long-term placements may be included in the ratios if we are satisfied they are competent and responsible.

All students and staff will be subject to an enhanced DBS check.

As part of their college work, students may wish to observe specific children.

Permission will always be sought from parents/carers before this happens.
